

APPLICATION FOR ANNUAL RENEWABLE ENERGY PRODUCTION INCENTIVE PROGRAM

ACCOUNT INFORMATION

This application is for electricity generated **between July 1, _____ to June 30, _____**.
 Program renewals will be processed annually on a separate Puget Sound Energy (PSE) form provided with each annual Renewable Energy Production Incentive Program (REPIP) payment.

NAME	PSE ACCOUNT NUMBER	DATE OF APPLICATION
SERVICE ADDRESS (Location of equipment)	PRIMARY PHONE NUMBER	
CITY	STATE	ZIP CODE
EMAIL (This is only used to provide technical or program updates.)	Are you the property owner? <input type="checkbox"/> YES <input type="checkbox"/> NO	
Is there an interconnection agreement with PSE? <input type="checkbox"/> YES <input type="checkbox"/> NO	System includes battery backup? <input type="checkbox"/> YES <input type="checkbox"/> NO	

PRODUCTION METER INSTALLATION FEES*

Standard production meter (required for all non-battery backup systems)	\$165.00	Fees are only charged once, regardless of the number of subsequent annual renewals. The installation fee will appear on your next regularly scheduled invoice.
Advanced meter (required for most battery backup systems)	\$525.00	
Additional standards meter (per system)	\$70.00	
Additional advanced meter (per system)	\$430.00	

Please note that some battery backup systems **may require more than one meter** to measure the total system output. Production Meter Guidelines are available by calling 800-562-1482 or email EnergyEfficiency@pse.com.

AUTHORIZATION

By completing and returning this application, you authorize Puget Sound Energy (PSE) to begin production metering installation processes necessary to accurately and fairly measure the total output of your renewable energy system. PSE will contact you to evaluate the system and provide the necessary Production Metering Guidelines for PSE-owned and installed meters.

Costs associated with installing a PSE-approved meter bases are paid by the customer; it is recommended that you speak with PSE's Metering Department before making any system modifications to clearly understand the metering requirements. You may reach the Metering Department by calling 800-562-1482.

All items must be included with this application in order to expedite payment. PSE will process your application within sixty (60) days of receipt and will notify you in writing as to the results. Please include a copy of your Washington State renewable energy system certification, if not already on file with PSE.

NAME (Print)	SIGNATURE	DATE
--------------	-----------	------

*Production Meter Installation fees are subject to change, upon approval of the Washington Utilities and Transportation Commission (WUTC).
